Subject: Application 2017/3451/P - Formal Objection

Hello,

I wish to object to this planning application. I am unable to do so online as the link is not there on the website. I imagine that this is because the site shows that comments are allowed until 14/06/2017 even though the application was registered on 31/10/2017.

I wish to object on the basis that this provides an impediment on the pavement (and thus a public safety issue) while providing no utility. An application for a telephone box in these days of almost universal mobile phones is clearly for one purpose – to provide advertising space by abusing the process.

This application should be declined.
