**Re: 6 Stukeley Street London WC2B 5LQ Planning Reference 2017/4135/P**

Dear Sir,

Having referred anew to the observations of the planning inspector regarding the previous application for this site we would like to register our objection to the current proposal on the grounds that the bulk, massing and height and the use of materials, particularly the glass block and possible light spillage therefrom, are out of place and would damage the character of the conservation area. We conclude that the proposal fails to enhance or preserve that character.

Yours sincerely,

Hugh Cullum

Chair - BCAAC
