**Reference:** Planning Application 32 Torrington Square- 2017/4300/P

Dear Tania,

As a Camden parent, I would like to offer my support to the Birkbeck Centre for Brain and Cognitive Development's construction plans for 32 Torrington Square. I am familiar with the group and with their research accomplishments. The research produced by the BabyLab is world-class and the training they provide the next generation of researchers is exemplary. With these factors in mind, the ToddlerLab proposed for 32 Torrington Square will be a positive addition to Camden, London, and international research communities.

Many Thanks,

Cindy Hartwell
