| 2017/5537/P | Harry Stobart | 68 Solent Road London NW6 1TX | 07/11/2017 14:07:38 | COMMEM PER | The erection of the single story side extension will require foundations to be dug for the section of wall which adjoins the party wall. To ensure its stability this section of party wall will need to be underpinned. It is proposed that the height of the the side extension will be raised about 2 to 3 feet above the level of the party wall thus causing partial visual obstruction from our kitchen which could be mitigated with glass paneling. |
