Subject:

I am writing to you as a local resident in Hampstead to request that you please do not pass the planning application for the Royal Free Hospital.

There will be clear disruption to the local neighborhood due to traffic congestion, noise and pollution.

In addition my daughter attends the adjacent school, Hampstead Hill and I am concerned of the immediate impact of this proposal to all students at that school.

If this were to go ahead I would look to move her from that school which will be very unsettling for her and the school as I believe after speaking to other parents they would consider the same.

That is very disappointing as this school has educated many students from the local area and I believe a number of families would not choose it as a result of the Royal Free planning application.

Regards
