No Agent details were submitted for this application

3. Description of the Proposal

Please describe the proposed development including any change of use:

The proposal, which is supported by the Canal & River Trust and Argent, is for Word on the Water, The London Bookbarge - a floating secondhand bookshop situated on a 1920s Dutch barge which has been operating in London for the last five years on the Regents Canal - to take up a three-year mooring in front of Wharf Road on the moorings adjacent to York Way in King's Cross. The proposed mooring is located on the towpath side of the canal n be accessed along the towpath, and from York Way and from the new Granary Square development.

The site has previously been used as a visitors' mooring by canal boats in an ad hoc way, but our proposal would be to render one of those mooring spots a temporary trading mooring. No structural alterations to the site are envisaged. The proposal would be for an initial probationary period of three years, with a view to more permanent arrangement thereafter.

Both the Canal & River Trust - who have direct responsibility for the mooring, and Argent, whose property runs alongside the site, are supporting the application.

Has the building, work or change of use already started? Yes No

5. Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application? Yes No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title:	<input type="text" value="Ms"/>	First name:	<input type="text" value="Rachel"/>	Surname:	<input type="text" value="English"/>
Reference:	<input type="text" value="no ref given"/>				
Date (DD/MM/YYYY):	<input type="text" value="10/11/2015"/>	(Must be pre-application submission)			

Details of the pre-application advice received:

Advised to undertake full planning permission (A1 Retail), and additionally submit a site location plan and a Design and Access Statement.

6. Pedestrian and Vehicle Access, Roads and Rights of Way

- Is a new or altered vehicle access proposed to or from the public highway? Yes No
- Is a new or altered pedestrian access proposed to or from the public highway? Yes No
- Are there any new public roads to be provided within the site? Yes No
- Are there any new public rights of way to be provided within or adjacent to the site? Yes No
- Do the proposals require any diversions/extinguishments and/or creation of rights of way? Yes No

7. Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste? Yes No

If Yes, please provide details:

The project creates no significant waste, as our stock is books, and even those we do not sell are given away free to the public. A bin is available in the boat for any litter the general public wish to dispose of (coffee cups, etc.) and it is envisaged that this could be emptied into the existing recycling bins available throughout the Granary Square site. We collect any litter that is dropped near the barge on an ongoing basis in order to maintain the attractiveness of the site, and would dispose of this in the same way

Have arrangements been made for the separate storage and collection of recyclable waste? Yes No

Will the proposal increase the flood risk elsewhere? Yes No

How will surface water be disposed of?

- Sustainable drainage system Main sewer Pond/lake
 Soakaway Existing watercourse

13. Biodiversity and Geological Conservation

To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.

Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:

a) Protected and priority species

Yes, on the development site Yes, on land adjacent to or near the proposed development No

b) Designated sites, important habitats or other biodiversity features

Yes, on the development site Yes, on land adjacent to or near the proposed development No

c) Features of geological conservation importance

Yes, on the development site Yes, on land adjacent to or near the proposed development No

14. Existing Use

Please describe the current use of the site:

Mooring rings are already present on the site, which has been used for continuously cruising narrowboats to moor for some years, though the rings have recently been upgraded and replaced as part of the extensive redevelopment of the site being undertaken by Argent. The only significant change would be that the proposed mooring would now be permanently occupied by our floating bookshop, rather than remain available for passing narrowboats to use as a visitor mooring.

Is the site currently vacant? Yes No

If Yes, please describe the last use of the site:

See above - visitors' mooring for passing narrowboats able to remain a maximum of two weeks before moving on.

When did this use end (if known) (DD/MM/YYYY)?

Does the proposal involve any of the following?

If yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated? Yes No

Land where contamination is suspected for all or part of the site? Yes No

A proposed use that would be particularly vulnerable to the presence of contamination? Yes No

15. Trees and Hedges

Are there trees or hedges on the proposed development site? Yes No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? Yes No

If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

16. Trade Effluent

Does the proposal involve the need to dispose of trade effluents or waste? Yes No

17. Residential Units

Does your proposal include the gain or loss of residential units? Yes No

18. All Types of Development: Non-residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Yes No
