| 2017/5634/P | Kamal | 11 Maresfield Gardens | 12/11/2017 20:45:59 | OBJ | <p>The construction of this development will be right in front of our window. We work at home and the noise and dust caused by the construction will be very disruptive to our work. There are many schools in the vicinity and small children walk near the construction site. The trucks that will take equipment and materials to the site will cause safety issues to the children.</p> <p>Having more dwellings on the street will affect availability of parking spaces. I oppose granting the approval for the proposed residential extension.</p> |
