2017/5955/T	David Petherbridge	flat 4 43 Nassington Rd Hampstead London NW3 2TY	14/11/2017 08:11:31	OBJ	<p>As local residents we believe that the distinct character of this conservation area is strongly defined by the number of large mature trees both at the front and back of properties. An application to remove a large mature tree should be seen as a threat to the character of the neighbourhood, the quality of its environment and conservation status.</p> <p>Whilst we appreciate large trees can reduce light to residences in the area, this can and should be addressed by pruning not removal. We also think that were the planning consent gained, it sets a precedent that endangers other mature trees in peoples private gardens. This is certainly the sense we have gained by speaking with neighbours.</p>
