Drawing Nos: Site location plan; MARRD- (L101, D101; P001, P101, S001, S101); Design and Access Statement Revision A dated October 2017.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans; Site location plan; MARRD- (L101, D101; P001, P101, S001, S101); Design and Access Statement Revision A dated October 2017.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Reasons for granting permission.

The proposal seeks to form a new window opening on the side elevation at lower ground floor level which would face onto a side passage which runs alongside the property and the boundary wall with the neighbour. The proposal due to its size, siting, timber material and detailing is considered acceptable and would not result in harm to the character and appearance of the host building and Camden Square Conservation Area.

The proposal raises no amenity issues as the window would be concealed by the existing boundary wall.

No comments have been received following a process of public consultation. The site's planning history was taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the

character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

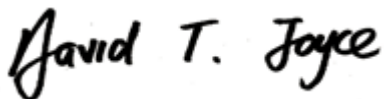

The proposal is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017 and accords with the London Plan 2016 and National Planning Policy Framework 2012.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
