Dear Sir or Madam

I put this comment (see below) on the Camden website concerning planning application 2017/4756/P and received this confirmation from you.

I have been informed it does not appear there and I too cannot find it in the comments section.

Can you explain why?

Best

Philip Argent

Subject: Comments on 2017/4756/P have been received by the council.

I objected to original plans for 17 Railey Mews due to the proposed windows overlooking my property

Those plans were, I believe, modified at the time and now the new extension proposes stairwell windows which overlook my property. I have been told these will be of opaque glass, yet there is nothing in the plan to confirm this is the case. The proposed cladding provides some privacy yet still allows a view into the gardens of 1 and 1A Lupton Street. But more importantly there is nothing to guarantee that at a later date the cladding could not be removed and/or the glass become completely transparent.

I object strongly to any windows which will overlook my property. And challenge the statement from the proposal:

"There will be no direct visual connection to the neighbouring property due to the outer skin of vertical timber fins which are defining the whole appearance of the facade for the upper floors. These fins will receive an aperture that will be determined by balancing the gain of natural daylight versus the restriction of overlooking the neighbouring property."
