6. Non-Material Amendment(s) Sought	
The scheme that has received planning consent under 2016/3843/P includes a passenger lift. Through design development with Building Control we that we need to include a lift shaft over-run of 610 mm above the lift shaft only, in order to install and maintain a compliant passenger lift. Without the shaft over-run the building cannot comply with Building Regulations, and we do not believe that this small box on the roof will cause detrimental harn any of the buildings in the vicinity.	lift
