2017/6245/P	jayne Mitchell	60 Gilbey House 38 jamestown Road London NW1 7BY	16/11/2017 10:11:39	OBJEMPE R	We have reviewed the documents and overall have no objection to the proposals to alter the entrances to this building. HOWEVER, we do have concerns about the intention to open the coffee stand to the general public passing by. Jamestown Road is already at saturation point with restaurants and cafes, and we do not see the need for yet another entrant into the marketplace. We would propose that any coffee stand is only for people working within the building and that measures are put in place to restrict trade to the public, and that its operating hours are restricted to generally accepted office hours (i.e. not late night or weekends)
