Proposal Installation of a Telecommunications Base Station comprising the pole-mounting of 3 no. antennas and 2 no. 300mm dish antennas, 3 no. rooftop equipment cabinets, 1 no. ground-based meter cabinet and ancillary works.

Objection Yes

Observations Masts and antennae would be visually prominent and incongruous with the roof line of Winifrede Paul House. This would change the view from York Rise which is inconsistent with the Conservation Area, and fails to preserve the character and appearance of the conservation area (contrary to policies D1 and D2 of the Camden Local Plan and the London Plan and NPPF)

It is within 300 metres of Acland Burghley School which has potential health concerns. We are also concerned by the proximity of the phone masts to residents' homes. Although the proposals conform to current international guidelines on RF emission, biological effects might occur below these guidelines.
