Subject: Please do not approve the Royal Free hospital extension

Charles and fellow Councillors,

I am a parent of a child who studies at Hampstead Hill and I have just heard from the news about the potential extension to the Royal Free Hospital despite reports that not only would it endanger kids in the school but also damage a heritage building, St Stephens Church

I would like to understand the diligence process that is going to lead to a yes/ no decision. Furthermore, with such a sensitive piece of development, I am expecting a fuller consultation of the community but haven't seen any notice for the same which is undesirable

I would appreciate a response to the process you are going to follow to ensure the right decision is taken for the community that is going to be impacted as a result of this development

thanks
Ashutosh
