2017/4810/P	Matthew Gibson	7 Little Green Street London NW5 1BL	26/11/2017 18:01:57	NOBJ	I have no objection to the proposals. I live next door to the site at number seven, and have lived in Little Green Street for 20 years. Over that time I have seen the area and street change, sometimes for better, sometimes for the worse. I feel that the plans for number 8, which I have studied in detail, are sympathetic to the street and would in no way detract from its unique character.
