

I am writing on behalf of the Trustees of the Jolanta and Max Neufeld Charitable Trust.

One of the Objects of the trust is:

"To preserve for the benefit of the people of Greater London and of the nation at large the buildings and other parts of the architectural constructional heritage as may exist in and around the area of Fitzrovia where they are of particular beauty, historical, architectural or constructional interest."

It is in furtherance of this Object of the Trust that I wish to object to the proposed development at 27-29 Whitfield Street.

In our view the proposed roof extensions would because of their height, bulk and relationship at third floor level cause substantial harm not only to the setting of the Listed house at 1 Colville Place but also to the wider amenity of the area including the views from Crabtree Fields and the particular quality of the Georgian terrace as a whole.

Yours sincerely

Ernest Rodker
Trustee
