2017/4792/P	Sonia Wicken	105 Parkway	01/12/2017 21:00:58	COMMNT	Direct correspondence with all owners/residents of 103-105 Parkway should be made by letter. The proposed changes have direct impact on the rear of 103-105 Parkway. A note on the lamppost is insufficient notification.

---

2017/4792/P	Sonia Wicken	Flat 1/ 105 Parkway London NW1 7PP	01/12/2017 20:57:32	OBJ	<p>The current clear glass with frosted canopies on the north elevation of the maisonette (see elevations drawing) permits overlooking into the bedroom of Flat 1, 105 Parkway. Planning permission 2011/0399/P should not therefore have been approved. The application included misleading drawings which concealed the issue of overlooking [see correspondence with Angela Ryan Mar-Jul 2015]</p> <p>This new proposed change of use from bedroom to living room will further exacerbate the overlooking issue and deprive us of privacy.</p> <p>I hope the new applicant and Camden Planning will take this opportunity to address the overlooking issue by use of more suitable opaque glazing.</p>
