2017/5908/P	Inkerman Area Residents Association	31 Alma St NW5 3DH	04/12/2017 12:37:57	COMMNT	I have no objection to the development of this site for housing but the current proposals are not acceptable. The site is in the Inkerman Conservation Area and these plans show no sympathy for their context. The windows are ugly and far too big. Please ask the applicant to provide amended plans to take into account the CA statement and the design of the adjacent building, and reject his application in its current form.
