2017/5950/P	Valerie Doulton	19 B Swain's Lane N66QX N66QX N66QX	01/12/2017 18:09:15	COMMNT	Although clearly improvements need to be made to the current, illegal, filtration systems at Gail's bakery in Swain's Lane. We urge you, given the proximity of these systems to our homes and bedroom windows, and to our roof terraces intended for relaxation, that a system only suitable to an A 1 premises be put in place at Gail's here. The high level of stench currently emanating from Gail's into our homes at front and rear each day is totally nauseous.
