2017/5663/P	Edward Gold	1a Erskine Road NW3 3AJ	07/12/2017 11:02:46	OBJEMPE R	I am very concerned that the car parking will be even more difficult for the residents in Erskine Road. This will already be seriously aggravated BT the development of 6 Erskine Road where, apart from the commercial use, the four flats have no provision for car parking and, having regard to the high value of these flats, each owner will no doubt have at least two cars per flat. With the popularity of Primrose Hill which attracts a high volume of visitors, as I live in Erskine Road, (apart from the daytime) I often have to wait until 11pm to park my car in a parking bay. I therefore object most strongly to this proposed planning as they are not/can not provide for off street parking for their flats.
