Dear Marcus Piggott,

We strongly object to the proposed works at 4/5 Keats Grove, on the grounds of its frivolity and profound impact on the neighborhood. There is no adequate justification for the proposed work, and it is constrained by restrictive covenants, one of the fundamental principles of English Law being private property. There has been too much disruptive work on our road already over the years (the property opposite us, after years of destructive labor, has sat idle), and there are no grounds to allow this work to go ahead. By doing so, you will ignore the well being of your tax paying residents, who cherish the character of the area, to which this initiative is directly opposed.

Yours sincerely,

Jill & Edward Bace  
21 Keats Grove
