2017/6544/P	Simon and Diane Pearson	26 Bartholomew Villas London NW5 2LL	07/12/2017 11:27:03	INT	<p>As owner occupiers of adjoining property 26 Bartholomew Villas, we have no objection in principle to the works described and shown in the planning application 2017/6544/P. However there are three matters we comment upon:</p> <ol style="list-style-type: none">1. Section-Proposed 5210-200 shows Office at 2nd floor level. We assume this is a mistake – otherwise we object to the use of the dwelling as an office.2. No work is stated to be carried out on the party garden wall 26/28. Though not specified, the height of this wall is approx. 1100mm above ground level and we would object to any alteration to this wall or its height.3. The demolition of the existing ground floor extension is not to involve any works to the existing party wall between nr 26 and nr 28. <p>We are grateful to Laura Hazelton for the comments she made which have improved the workability of this scheme.</p>
