Dear Tessa,

Application no. 2017 / 507 / P
ORT House, 126 Albert Street

Thank you for coming to visit us at 118 Albert Street last Friday it was helpful to speak directly and show you round the site.

As we discussed, I would like to add an addendum to my previous letter about the ill-defined windows on the top floor facing South. The diagram shows up to 15 openings where there were none before. These all face into the private domestic space at the rear of my house. Again this part of the building has a flat roof and windows could be replaced with skylights.

Yours sincerely,

Angela Andersen
