Dear Jennifer,

Please find attached the NDF objection to the Gondar Gardens development.

Sorry it's late in the day but I had to get approval from our Committee for the final version. The items more generally were also largely discussed at our last open meeting, on 4 December 2017.

I have also submitted the attached through your comments system online. I hope that's a help not a hindrance.

Best regards and I don't envy you ploughing through all the objections.
