**VALIDITY OF QUOTATION**

This Quotation, which is subject to the Terms and Conditions in the booklet provided, is made pursuant to section 16 of the Electricity Act 1989, is valid for 90 days from the Quotation Date and is provided by EDF Energy Networks Ltd (on behalf of EDF Energy). Your attention is drawn in particular to the bold text in the Terms and Conditions.

**ACCEPTING THIS QUOTATION**

If you accept this Quotation you can pay in the following ways:

1. On Site: by making a debit/credit card payment to our site technician
2. By phone: 0845 234 0040 by a debit/credit card payment to our Design Centre (08:30 - 17:00)
3. By post: by sending us a cheque in the pre-paid envelope, along with the signed Acceptance Slip

In making payment to accept this Quotation (either on Site, by phone or by post) you will be bound by the Terms and Conditions which accompany this Quotation, even if you have not returned the Acceptance Slip below.

**NOTICE OF THE RIGHT TO CANCEL**

If you have paid this Quotation by making full payment to our site technician on Site, you have the following right to cancel the Agreement (in addition to any other rights you may have under the Terms and Conditions). You can cancel the Agreement by serving written notice on EDF Energy at any time within the seven (7) days from the Quotation Date ("Cancellation Notice"). Your Cancellation Notice must be served on Small Services, EDF Energy Networks, Metropolitan House, Darkes Lane, Potters Bar, Hertfordshire EN6 1AG or by email to [small.services@edfenergy.com](mailto:small.services@edfenergy.com), must quote the job number which is at the top of this Quotation, and must contain a statement that you want to cancel the Agreement you have entered into with EDF Energy. You can use the Cancellation Form which is attached to this Quotation or your own form. Your Cancellation Notice will be deemed to be served on EDF Energy as soon as it is posted or sent to EDF Energy or in the case of electronic communication from the day you send it to EDF Energy. Following receipt of your Cancellation Notice, you will be refunded the Price of the Quotation. Your right to cancel the Agreement in accordance with this paragraph has been granted to you by EDF Energy without prejudice to the "Cancellation of Contracts made in a Consumer's Home or Place of Work etc Regulations 2008", as EDF Energy does not believe that such Regulations apply to the Agreement.

Mr N Mason  
C/O GPC

*Sir CORRESPONDENCE FOR NEW METER*

24 June 2010

*Scanned to Scan*

Our ref: 3000059286

Dear Mr Mason

Site address: 11 East Heath Road, London, NW3 1DA

Thanks for your recent payment on the above job number. We've sent out an invoice that confirms we've received it.

Here's what happens next...

#### **Stage 4: the work**

Your job details are now with the team who schedule your work. They'll contact you soon to agree a date for the work to start.

Your scheduling team in London can be contacted on 0845 300 6921.

Before the work starts and we arrive on site, you need to make sure that all your responsibilities have been met. This may involve arranging your metering. You will need to contact your electricity supplier who will be able to arrange this for you. All your responsibilities would have been explained to you (or your representative) during the site visit and are explained further in the booklet named 'your responsibilities'.

Once we have issued a date for the work to go ahead, if you need to cancel or postpone the work, you must call your scheduling team (above) at least five working days before the start date. If you don't manage to do this, we'll have to charge a cancellation fee which would need to be paid before we could reschedule your work.

If your job requires us to work on the public highway, the Streets Works Act states that we must get local authority permission before we start work. The minimum notice we can give local authorities is ten working days but it could be anything up to ninety days depending on the complexity of your job. The 'working in public highways' leaflet explains this in more detail. This can be found online at [www.edfenergy.com](http://www.edfenergy.com) (navigating to Networks, Connection Services and then Forms and Factsheets).
