To whom it may concern...

Dear sir or madam,

I've just heard it's the last day to submit objections re the new building that's planned to replace the ugly brown building. Ref no 2017/5497/P.

I'm sure you've had lots of professional sounding objections. I just want to say please, please judge this one from an aesthetic point of view rather than a financial one, for once?

There have been so many huge developments all around Kings Cross over the last few years, in terms of money and size. The area has changed beyond recognition, albeit not all bad. But this one will really overshadow that poor little canal which has gradually been blocked out, all the way down from St Pancras Way.

Please don't allow another towering structure to further shadow the canal

Thanks

Rob
