How should I present my waste for collection

- Place it out at the correct time and day outside your premises and against the structure of the building wherever possible.
- All waste should be presented in clearly identifiable bags. Camden customers should use Camden bags only. Please ensure you do not block the pavement or have any sharp items sticking out of the bags that could injure pedestrians or collection staff. Please ensure all your waste is contained securely in the bags. Liquids from waste or loose waste escaping from bags can stain the street and make it look untidy.
