2017/6690/P	Robin Woolfson	12 Gayton Road Nw3 1tx	24/12/2017 02:37:10	OBJ	<p>This proposed development extends beyond the existing rear building line of Gardnor Road.</p> <p>The rear gardens of Gardnor Road are shallow and abut the rear gardens of Gayton Road. This proposal would establish a very undesirable precedent for building into this precious rear garden space. The rear gardens provide an important amenity for neighbours which contrasts with the narrow busy streets.</p> <p>The proposed development should not extend beyond the existing rear building line and we request Camden Planning to reject the current proposal.</p> <p>Robin Woolfson Chair, Gayton Residents' Association</p>
