To Ben Farrant:

Application 2017/5895/P at 180 Kentish Town Road London NW5 2AE

I oppose this proposed **all-encompassing** change of use. The current class is A3, adopted only 15 months ago.

In particular I oppose A2 and D2.

I encourage retention of A3 and I am in favour of granting the addition of A1 retail. In short, I support Kentish Town Road Action's submissions and I was alarmed at the report's over-estimate of percentage of A1. Retail is my preferred use option.

I live within 100 metres of the site at [REDACTED]
