Dear Alex ,

As a director/ trustee of KCL and the owner of The White House , Keats Grove (at the difficult junction of Downshire Hill , opposite the Church) I would urge you to demand a CMP from the owner of 4 Keats Grove , who is a property developer in another guise , BEFORE any decision on this application is made by Camden Council .

The City of London as owner of Keats House naturally share all our concerns about access issues etc during proposed development works .

Please confirm that this objection will be noted by the Planning Department .

Thx very much ,

Nigel
