

## General enquiry form - Ref. 21117781

### Customer

<i>First Name</i>	Robert
<i>Name</i>	Bingham
<i>My enquiry is</i>	Objection: 2017/4302/P  I see that a proposal for compensation grouting is a late addition to this application. I wish to object most strongly to this proposal.  Compensation grouting is most commonly used in connection with tunnelling and infrastructure works and I question its suitability for a small building scheme. The use of this process would increase the risk of damage to my property.  Such operations constitute trespass and I wish to make absolutely clear that I will not allow compensation grouting to be used around or under my building.
