Dear James,

Thank you for your email. Once this is registered I shall generate the decision notice and send it to you which is likely to be today or tomorrow. Please wait to receive the decision notice before carrying out the work however the council will not object to the works so if you want to book a tree contractor now for the end of the week please do so. Please inform your tree contractor that there may be a nesting woodpecker in the tree.

Matthias: Please log as CA notification in my name as: 1x ash - Remove snapped lowest branch back to the stem. Rear garden of 1 Belsize Studios, London NW3 4AT. Please upload the email below in place of an app. form and email me when it has been registered.

Kind regards

Nick Bell
Tree and Landscape Officer
