2017/6381/P	Mr Gerry Lewis	Flat 2 4 Hampstead Hill Gardens London NW3 2PL	01/01/2018 17:00:10	OBJ	As we live directly opposite this property we would like to register our concern about his proposal. We are concerned that this development will create a major disruption to what is already a busy street and could be potentially hazardous and very disruptive to all of the residents. Our property suffered major subsidence due to a basement being built at number 2 and we had to vacate our home for six months while the house was underpinned. Mr Lewis is about to turn 90 this year and the thought of having to go through this again is too horrific to consider. We do not understand why the owners of the property need to extend their home so significantly and if they do require more space then it would make sense for them to sell and move. The proposal really represents clear and serious overdevelopment of a grade II listed building in a conservation area and as such we are hoping that the application will be turned down by the planning authority.
2017/6381/P	Roberta Wick	The Coach House 2 and a half Hampstead Hill Gardens NW3 2PL	03/01/2018 11:18:49	COMNOT	Totally against this application. Serious overdevelopment of Listed Building in Conservation area. Our house is in a dip opposite and a solid below ground structure could create flooding for us elderly people. This is just a property development scheme for profit. They do not need extra space.
