2017/6951/L	Mrs Sheridan Lewis	Flat 2 4 Hampstead Hill Gardens London NW3 2PL	01/01/2018 17:06:38	OBJEMPE R	An objection has already been submitted in relation to 2017/6381/P by Mr Gerry Lewis. In addition I would like to add that Mr Lewis has limited mobility - we have a Blue Badge and even with the residents parking arrangements it is often very difficult for me to park close to the home which creates significant problems for us. If this application were to go ahead then the number of residents parking spaces would be reduced further due to work vehicles and presumably several skips that would be in situ for a very long time. For this reason alone I must object to this application which I hope the planning authority will reject.
2017/6951/L	Roberta Wick	The Coach House 2 and a half Hampstead Hill Gardens NW3 2PL	03/01/2018 11:26:07	COMNOT	This application is totally opposed. It represents a serious overdevelopment of a listed building and will be a massive disruption. Our house is opposite in a dip and would be at risk of flooding. We are elderly people and this would be hazardous for us and may cause subsistence to our house. The residents do not need more space and are doing this for profit purely.
