2017/6784/P	John Kleeman	12 Heath Villas Vale of Health NW3 1AW NW3 1AW NW3 1AW	07/01/2018 17:15:48	OBJ	<p>I wish to object to this application as I do not believe the current shed is C3 residential. We have been living adjacent to the property for 29 years and it is a storage shed and I do not believe is currently permitted for someone to be living there. The shed immediately adjoins our property and if someone was living there, there would be noise and disturbance to us.</p> <p>We have no objection to a similar sized building of the same use (not for residential use) be placed there but don't think residential use should be permitted.</p>
2017/6784/P	Zlatina Loudjeva	Lea steps and Upfleet freehold Upfleet house Vale of Health Hampstead NW3 1AN	10/01/2018 22:45:44	OBJ	<p>The freeholders of Lea steps and Upfleet, the property immediately adjacent to the proposed works, object to the application's classification of the Garden house shed as a Class C3[11] residential unit or "dwelling house", i.e. a building that is used as a principal or secondary residence.'The building is shown on planning documents at the time of the building of the Garden House as a shed. It has been in a complete disrepair for more than a decade, is currently derelict and is potentially unsafe.</p> <p>It is our understanding that the building was originally built and used as a shed and we are not aware of a planning permission that reclassifies the building into a residential property. As such we consider this application erroneous in its statement. The reclassification needs to be rejected.</p> <p>It is our understanding that there is no proposed increase in size. The drawing are not easy for us to understand. We object to any increase in size if such is applied for as the shed is adjacent to our property and any increase in size will have an immediate impact on privacy, noise and light pollution. It is our understanding of the documents supplied that such an increase is not proposed. If an increase in size is proposed, we object.</p>
