2017/6381/P	Sirintiya Roberts	Flat 4 12 Rosslyn Hill	23/01/2018 20:25:21	OBJ	<p>I would like to register my objection to the proposal. The proposal represents a clear and unnecessary risk to neighbouring properties. As mentioned in the Basement Impact Assessment, both the risks to land stability and adjacent buildings is considered to be moderate rather than low. This is on top of the potential problems caused by proximity to the tube line and redirection of groundwater.</p> <p>The proposal would also set a precedent of over-development via basement extensions that would greatly affect the character of the conservation area and listed buildings in our neighbourhood.</p>
