2017/6521/P	Weaver-Lambert	23A PRINCESS ROAD London London	22/01/2018 13:07:37	AMEND	<p>We have already written to the council to complain about the works at 21 Princess Road.</p> <p>The builders overbuilt on purpose so that they could build a terrace, which was not in the original plans. They have built the property above the approved height, which leaves our property in a 'ditch'.</p> <p>We don't understand why the council has allowed them to build outside of the original plans.</p> <p>Furthermore:</p> <ul style="list-style-type: none">• they have left rubble on the roof during high wind times, which is very dangerous as we have small children. (I have photo evidence)• They have erected a gutter along our party wall which broke immediately (I have photo evidence)• They are behind schedule with no finish date – if they had not over built perhaps they would have finished on time• The noise since the start of works has been terrible and a huge disturbance for months now• I have caught the builders urinating on our home (I have photo evidence)• You can hear the builders shouting at each other from inside our property• I have found the builders smoking on our front door and trying to take off with my children's buggy!• The disturbance has caused an infestation of rodents – they committed to clean this up and then when we called the company as they asked they refused to pay the bill. We are left to pay the bill of over £1.5K for their damages. (I have a full email record).
