2017/6929/P	Nick Norden	17-19 Dartmouth Park Avenue	11/01/2018 11:52:41	COMMEM PER	The side elevation windows proposed overlooking number 17 need to be obscured glass as they look straight into a bath room. The rear dormer appears to be too close to the roof hips as recommended by Camden guide for dormer windows. The side dormer appears proportionally too big for the roof elevation particularly in length.
