2017/7051/P	N hearn	Flat 6 pendrell house New compton street London wc2h 8df	23/01/2018 20:28:11	COMMNT	To whom it may concern i am appealing against the planning of the change of the odeon cinema i live in new compton street directly behind the odeon cinema appealing on the grounds of privacy as i can see into every window where the hotel rooms will be and they will see into my flat also on the grounds of access to light as they r planning 2 more floors of over seven and a half metres high this will definitely limit the amount of light to my flat and they are planning to have a roof bar people will be be standing outside on the roof and we will hear all this noise and music and the destruction in new compton street at the moment the street is being used as a rat run as all the traffic is not moving on shaftesbury avenue and this includes the fire brigade ambulance service and police has i have read the document it's saying that 10 to 15 large trucks daily and the noise and destruction will be unbearable also the street is mainly 1 way and the part of the street that is behind the cinema is very tight and this is just in the beginning and if they get planning permission to to open an hotel there will be 8 deliveries daily and we will lose resident parking
