2017/7095/P	Susan Hiller	25 Artesian Road London W25DA	04/01/2018 14:27:18	COMMNT	This would be a health hazard as well as an eye-sore. 61-83 Loudoun Road has Grade 2 Listed Status and I strongly object to the proposed telecommunications tower.
2017/7095/P	Hannah Collins	73 Loudound Road	04/01/2018 14:07:32	OBJEMPE R	I am a tenant of 73 Loudoun Road and object strongly to this application. The buildings are Grade II listed and deserve to be treated with some respect. This will be both unsightly and as far as I am concerned I do not want to work near what I consider to be a health hazard. https://www.safespaceprotection.com/emf-health-risks/emf-health-effects/cell-towers/.uk say - I quote - The microwaves from cell phone towers can interfere with your body's own EMFs, causing a variety of potential health problems, including: Headaches. Memory loss. Cardiovascular stress. I therefore place this objection on record.
2017/7095/P	Susan Hiller	25 Artesian Road London W25DA	04/01/2018 14:27:19	COMMNT	This would be a health hazard as well as an eye-sore. 61-83 Loudoun Road has Grade 2 Listed Status and I strongly object to the proposed telecommunications tower.
2017/7095/P	Susan Hiller	25 Artesian Road London W25DA	04/01/2018 14:27:20	COMMNT	This would be a health hazard as well as an eye-sore. 61-83 Loudoun Road has Grade 2 Listed Status and I strongly object to the proposed telecommunications tower.
2017/7095/P	Susan Hiller	25 Artesian Road London W25DA	04/01/2018 14:27:22	COMMNT	This would be a health hazard as well as an eye-sore. 61-83 Loudoun Road has Grade 2 Listed Status and I strongly object to the proposed telecommunications tower.
2017/7095/P	Susan Hiller	25 Artesian Road London W25DA	04/01/2018 14:27:34	COMMNT	This would be a health hazard as well as an eye-sore. 61-83 Loudoun Road has Grade 2 Listed Status and I strongly object to the proposed telecommunications tower.
2017/7095/P	Elizabeth Knowles	13 b Rowley Way NW80SF	07/01/2018 20:30:22	COMMNT	I object to this huge mast. There are plenty of other places to put this apart from outside the Tom Kay building. Now it is not going to be used by Hs2 this building is in line to be restored with a possible use of that Road front. Please do not put this mast in front of the building - it will ruin any future plans to the grade 2 star environment and it does not take much to move it along. Thankyou
2017/7095/P	Elena Besussi	82K Rowley Way NW8 0SL London	15/01/2018 20:18:41	OBJ	The scale, design and location of the mast are all detrimental to the Grade II listed status of the building.

2017/7095/P	Fliss	69 Loudoun Road	09/01/2018 13:33:04	OBJEMAI L	<p>I am writing to object to the erection of the telecommunication tower outside our workshop on Loudoun Road.</p> <p>Firstly, the mast carries little reverence for our building's status and recognition as a Grade 2 listed building. It will simply be an eye sore, imposed on an area with a fair-bit of foot-traffic and urban appeal.</p> <p>Secondly, the mast will be transmitting radiation. True, the jury is mixed on whether they transmit free-radicals at an unsafe level: I'm sure the community of Loudoun Road Workshops don't want to be proof of the pudding!</p> <p>It's a big no from me.</p>
2017/7095/P	Thomas Muirhead	4e Rowley Way London NW8 0SF	07/01/2018 16:11:51	OBJ	<p>The proposed position of the mast and cabinets is detrimental to the listed status of the existing building at 61-83 Loudon Road, which is part of the (separately listed) Alexandra and Ainsworth Estate. Moreover the TRA of the A&A Estate has plans to refurbish this building including the possible creation of a new shopfront to Loudon Road. An alternative position for the mast and cabinets must be found that is detrimental to the setting of the existing building and does not compromise the plans for its future refurbishment.</p>
