Full Planning Permission Granted

Address:
Zenith House
8 St Chad's Street
LONDON
WC1H 8BD

Proposal:
Replacement of various existing window and panel frames to north, south and west elevations

Drawing Nos: Design and Access Statement (19.01.2018 revision), 9264-ZZ-1141-S3, 9264-ZZ-1241-S3, 9264-ZZ-1242-S3 Rev B

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Design and Access Statement (19.01.2018 revision), 9264-ZZ-1141-S3, 9264-ZZ-1241-S3, 9264-ZZ-1242-S3 Rev B

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

Following negotiation, the scheme was revised to propose aluminium rather than uPVC frames to be more in keeping with the building's original characteristic architectural style. The proposed window and panel frames replace existing aluminium frames, matching the existing appearance and opening methods. The proposed brown infill panels also match the colour of those existing.

As such the proposal is considered to preserve the existing character of the building and that of the wider conservation area.

All windows are to be replaced in existing openings, and therefore there would not be any additional impact on neighbour amenity arising from this development.

No objections were received prior to making this decision. The planning history of the site and surrounding area were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal is in general accordance with Policies D1, D2 and A1 of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016 and National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service,

- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays.
