The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Design, Heritage and Access Statement dated August 2017 by Avanti architects; 16032-PL-01, 02; location plan

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting consent-

The replacement of the PVC rainwater goods by relocated cast iron ones is acceptable and welcome for this listed building. The brass plaques are minor features and entirely appropriate to these buildings. The new lead-clad access dormer on the front roofslope is modestly scaled and discreetly located and designed; it is consistent with many similar dormers on other neighbouring listed terraced buildings in Sandwich and Leigh Streets. The features and dormer would not harm the character and appearance of the host listed buildings or the setting of those adjacent.

Special regard has been attached to the desirability of preserving the listed building, its setting and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policy D2 of the London Borough of Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2012.
