Dear Mr. Sild,

38 Constantine Road, Gospel Oak, London, NW3 2NG:
Proposed Single-Storey Rear Extension and Main Roof Extension;
Issuing of Revised Drawing No. 1635/05E

Thank you for your responding e-mail dated 29 January 2018.

As our telephone conversation this morning, the e-mail transmission of this letter is accompanied by our drawing no. 16345/05E, which has a note removed that referred to the raising of the party parapet and party wall, which are confirmed as not any longer proposed from the actual heights shown on the proposed elevations of the same drawing of revision D.

This drawing is therefore corrected for the avoidance of doubt.

We understand from you this morning that Mr. Sild did not make his recommendation before he went away on leave on 24 January 2018, and therefore he will likely make his recommendation upon his return.

In the meantime, we understand that you shall upload to your website the drawing no. 1635/05E, for which we would thank you.

Should you wish to discuss any related matters, please make contact.

Yours sincerely,

Terry Harriette
