re: application for erection of conservatory at rear
on existing balcony & upper ground floor level. (91/118)
Flat 3, 42 BELSISE PARK GARDENS NW3 4LY.

Further to receiving notice of application
I would like to log that being adjacent
to the balcony, and my bay windows look
onto the side, I believe it will restrict
my lighting and clear view of the trees and
sky. I can support this with photographs
if required. Please email me on
[redacted] if this helps.

But sadly I oppose the plans as to
I also feel it is not keeping in the style of the
Building.

Yours

Gillian CAPLAN.
