Informative(s):

- 1 The site is a 19th-century tram shed.

The applicant has found that the existing slate roof covering needed to be replaced and so has removed all the slates. He wishes to replace them like for like with natural Welsh slates. A sample of a suitable slate has been provided.

The proposed works will not harm the special interest of the grade-II-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
