Dear Sir/Mdm

**Cyclone House 27 - 29 Whitfield Street London W1T 2SE (2017/6922/P)**

I wish to object to the above mentioned proposals to add a two story extension to **CYCLONE HOUSE**, I live very close by and when we do see the Sun its limited as it sets directly over this building, and to erect a further building would block the garden entirely during the main part of the day.

We constantly see these monstrosities going up all over the place block out light from their neighbours and in this case the local residents who have fought long and hard over many years to keep this small part of London a haven away from disruption and constant building going on around us as I write.

Looking at the plans put forward, they seem very bulky, and out of scale with the Colville Place houses and it would infringe the resident's privacy, as they would certainly be overlooked.

Yours sincerely,

William Kerr
