Dear Mr Fowler,

As a Hampstead resident living on Heath Street around the corner from the new development in New End I would like to object wholeheartedly to the amended plans no: 2017/6306/P. The proposed amendments are very significant and appear to be simply a back way to obtain an even larger footprint for an already enormous building, which is already so completely out of character with the rest of the surrounding area. In addition to being very unsightly and ultimately noisy, the plans propose to raise the building virtually by another floor, something that in my opinion will have a significant negative impact on local views and character.

Sincerely,

Maja Herman
