2017/7059/P	Ruth Alsop	Flat B Upfleet Vale of Health NW31AN	02/02/2018 21:13:23	OBJ	As with the previous submission of the tree protection and related plans, these current proposals are in breach of the covenanted rights of the property known as Upfleet and Lea Steps for a clear view to the pond. The proposed planting plan will have considerable negative impact on the amenity value of the four residences in our building. Should the requested permission be granted the Council would so do with the awareness that the Freeholders of Upfleet and Lea Steps will be forced to take legal action to protect their rights.
