2018/0314/P	Meta Zimmeck	33 Queen Alexandra Mansions Judd Street London WC1H 9DQ	01/02/2018 14:02:09	COMMEM AIL	<p>I object to this proposal to install a telephone kiosk on the pavement on the south side of the Euston Road.</p> <p>(1) There is heavy foot traffic on this pavement and this kiosk will interfere with pedestrians' progress - e.g. problems with pedestrians being forced off the pavement when foot traffic is heavy.</p> <p>(2) This kiosk is full-length and will attract prostitutes' cards and unsavoury behaviour (drug dealing). Other local phone boxes provide bad examples - i.e. very little cleansing or maintenance.</p> <p>(3) I doubt that there is any public demand for this kiosk - is there evidence that there is a demand?</p>
2018/0314/P	Jeff Claxton	Flat 18 Russell Square Mansions 122 Southampton Row 122 Southampton Row WC1B 5AE WC1B 5AE	01/02/2018 11:19:01	OBJNOT	<p>Hello,</p> <p>I wish to object to this application to install a phone box.</p> <p>I do not believe that it provides any public benefit as there are enough existing phone boxes for the very small number of people who need to use a telephone on the move but do not have a mobile phone.</p> <p>I also believe that this will constitute a threat to public safety and an obstruction to free movement of people on the already crowded pavements. Phone boxes seem merely to serve as a place for pimps to place cards advertising prostitutes which merely results in litter on the pavement when one card poster removes one set of cards to replace them with another. I have witnessed some very unpleasant behaviour when the two parties argue. They provide a place for a variety of items to be stowed.</p> <p>This application seems merely an attempt to get advertising space on the street without admitting as much.</p> <p>For these reasons, I would ask that this is rejected.</p> <p>Thank you</p>
