BRIEF SPECIFICATION OF ALTERATIONS - NO 30, SECOND FLOOR, REAR ROOM

Create second room as indicated on sketch plan by adding two temporary partitions, one of solid sound-insulated boarding from floor to ceiling but with wired glass panelled door at back of room. That partition which is parallel to window to be partially double glazed in obscure glass from $2\frac{1}{2}$ ft of right hand wall for a run of 8 ft horizontally. Glazing to be mounted on sound-insulated board partition at same height from floor as window of whole room, to terminate some 6" from ceiling to allow for provision of a curtain rail.

Panels of existing doors to be rendered fire resistant as necessary without causing any permanent damage. Outer door to corridor to be locked or blocked temporarily. Locked door at head of stairs to be re-opened and if necessary re-hung. Double skylights for ventilation of inner room to be overhauled. New wire-glazed door to be hung at window end of newly created corridor. Highest block of shelves and overhead shelves at rear to be removed. Insert Vent-Axia fan from outer room.

No 31, Ground Floor, Front Room Enlarge hatch by 15" on left side and 9" upwards. Ensure wall (? loadbearing) in order. Line hatch with wood and make good plaster. Instal new wired glass sliding panels.

Mews, 1st Floor, Large Room Erect temporary double glazed and board partition, remove existing partition. Form access corridor as shown in sketch, add swing door for noise abatement.

Mews, 2nd Floor Remove temporary metal and glass partition.

No 31, 2nd Floor, Rear Room Divide lengthwise with full height light board partition as shown in sketch. Both rooms to retain window area for admission of natural light and air. Access corridor to be at least 3 ft wide. Provide doorways and doors in partitions as indicated.

No 31, 2nd Floor, Front Left Room To be partitioned as shown on attached drawing, partially glazed doors to be added in partitions and existing doors made fire resistant. Partitions to be glazed from waist-height in obscure glass. Whole partition to extend to 6' from floor only.
